Dear Ms. Alysha McKenzie ,

Subject: [External] Duke energy rate increase 2019 - my bill will double

I went to the meeting to speak out against the rate hike Duke energy wants. I want to add that I just got my bill and it is \$25.25 (I have solar panels) that means **my bill will more than double** by their new flat rate. I thought being better for the environment was supposed to benefit me and others not be punished because it.

If you let them increase what they charge me for power, are they going to at least have to increase the credit I get for the power I send to them?
